

Supply list for 4th and 5th Grade Math and Science

In an effort to ease transition between classes and save valuable class time, I prefer each student to have all of their Math/Science items in a single binder when they come to class. I prefer students use mechanical pencils for math and science. They cut down on wasted time and noise. I do not supply a pencil sharpener in my room.

The binder should hold paper, folders, spiral notebooks and the supply bag.

*I suggest a zippered binder such as the Mead Five Star. It can hold both textbooks and all materials needed for Math/Science class. These binders have worked well in the past, allowing students to simply grab their binder and get to class knowing everything they need for Math and Science is inside.

The following supply list is for Math and Science students. The items listed are in addition to the general supplies needed for all classes. The general supplies include pencils, color pencils, crayons, ruler(metric and customary), scissors, glue stick, dry erase marker, black sharpie, red correcting pen, pencil sharpener, highlighter.

- | | |
|---|---|
| 1 | Pair of earbuds |
| 1 | sturdy fabric zippered pencil pouch that fits inside the binder |
| 1 | Spiral notebook for Math. |
| 1 | Spiral notebook for Science. |
